A **“Spelling Bee”** is a competition in which contestants are asked to spell a broad selection of words, usually with a varying degree of difficulty.

Spelling Bee competition is a very interesting academic contest which enhances the skills of student in several aspects related to English language. These days' language skills are being given very high priority in enabling young, students to face the world with confidence. It is very beneficial to young students to be exposed to and participate in this sort of competition right from the early stages of learning.

Spelling Bee program will help learners to improve Comprehension. It paves way to better vocabulary, sharpens listening spelling and writing abilities other than the main focus of focusing on mechanism of language through right spelling and the healthy competitive spirit motivates the students to learn on their own without any compulsion, this self-based learning improves retention and result in a systematic and structured understanding of English language.

## Benefits of Spelling Bee

### VOCABULARY POWERHOUSE :

The valuable learning outcome of spelling bee results in the children gaining Competency over vocabulary and this allows them to excel at reading and writing. The ability to understand more words will allow your children to become literate and enjoy reading an extensive range of material. Master advanced words, boost reading fluency, and unlock a world of rich literature.

### DEVELOPS COMPETITIVE SPIRIT :

Spelling bee allows individuals to compete in a supportive environment. The brain activity and excitement that goes with a Spelling bee is just as stimulating as a physical competition, which means that the whole competition can pump up the adrenaline of the contestants and the audience alike. A friendly rivalry is created and students are encouraged to interact with fellow participants and cultivate friendships Greater knowledge.

### INCREASE CONCENTRATION AND LISTENING SKILLS :

For every word to be spelt correctly, the children have to listen to word that is being read and concentrate on it so as to visualize in their mind. This becomes a habit when practiced regularly and it applies all subjects by imbibing better listening skills.

### BUILDS CONFIDENCE :

A child's confidence level is usually boosted after entering into such competitions. A spelling bee helps them gain the confidence they need to speak in public and accept their mistakes, while also getting the applause their hard work deserves. Step onto the stage and shine! Build public speaking skills and celebrate achievements with pride.

The students who secure 50% and above marks from total marks in the school level would be selected to the District Level.

All the students would receive certificates based on their results.

The students who secure 60% and above marks from total marks in the District level would be selected to the State Level

All the students would receive certificates & medal based on their results.

**Dictation Round** ensures better spelling of words which is an important and basic part of language skill at every level the spelling capacity of the learner i.e. mechanics of the language is impressed.

**Comprehension** : English language ability is judged at every level by testing comprehension (i.e. Understanding of young learner).

The fill-in-the-blank format allows students to listen and think about the new vocabulary. It allows to call attention to keywords in the definitions that will help them to remember the meanings. To understand a word in the context, it is placed in a sentence to help learner understand the shuttle difference in the usage of given words.

The mistakes are an inseparable part of the learning process; therefore, making mistakes, and having them corrected, is a good way to learn a language. The language learning can happen with few mistakes. But "practice makes perfect",

When the learner says a sentence, makes some mistakes, the teacher corrects them, and the learner memorizes the proper way to say the sentence. Next time, the learner will hopefully make fewer mistakes. The process is repeated until the learner has error-free language. Learning does not have to be based on speaking mistakes, and repeated correction. **Correct the spelling and correct the sentence** rounds help the student to learn the language with lesser mistakes.

Word games can help to reinforce spellings in your child's mind, particularly in the case of puzzles like **JUMBLED LETTERS AND WORD BUILDING**. You can also use word puzzles to inject a bit of fun into learning spellings, for example by making anagrams of the words for your child to unscramble. It require not just a good vocabulary and a knack for spelling, but the ability to think logically and strategically. These Word puzzles are a great way to increase your child's exposure to old and new vocabulary.

**Homophones** are those confusing little words that have the same pronunciation but different meanings and usually different spellings. It's important for children to recognise homophones because learning them helps children to grasp the context of sentences that have words with more than one meaning.

Knowing and using **alphabetical order** is an essential skill. We often write and organize lists in alphabetical order. This will allow you and others to find names, titles and documents very quickly. Sorting things in English is done using the Roman alphabet.

Various Rounds of VOLKS Spelling bee develop different skills in the competitors The VOLKS Spelling Bee competition encompasses the following aspects.

### CATEGORY 1 & 2

9. Correct the Spelling
10. Jumbled Words
11. Correct the Sentence

### CATEGORY 3 TO 6

14. Idioms (only for 5&6 Categories)

The students who secure 60% and above marks from total marks in the State level would be selected to the National Level

All the students would receive Trophies, Medals & certificates based on their results.

STATE LEVEL  
Additional Rounds to the  
School & District Level

### WRITTEN TEST

All the same rounds which are in the state level written test would be conducted in the National level written test

Top 50 qualifiers from the written test from every category would be eligible for the Oral competition.

### ORAL ROUND

In this stage contestants compete in two phases.

#### PHASE - I

1. Reading
2. Picture Identification & Spelling (Categories 1 & 2)
2. Phonetic Identification & Spelling (Categories 3, 4, 5 & 6)

#### PHASE - II

1. Oral Spellings

NATIONAL LEVEL

**Word Substitution** is one of the integral parts of vocabulary. It simply means that a sentence has to be replaced with a single word. This area requires a good vocabulary to solve the questions well. Questions based on one word substitution are often asked in various competitive exams. To solve word substitution, we need to learn the meanings and synonyms of the words. It's always advisable to learn one word substitution with the help of root words to ease your vocabulary building and expand your word base exponentially.

**Scramble sentence** is a game to arrange random words to form a specific sentence. Sentence Unscramble can be used as an activity to introduce the idea of how words go together to create a complete sentence. The sentence should be logical, meaningful, appropriate, and correct.

Students can begin to unscramble sentences as soon as they have the ability to read them. When students unscramble sentences, they become cognizant of the fact that words have an order in a sentence and without that order, the sentence does not make sense. It is especially helpful as additional support for English Language Learners whose native languages have different syntax rules than English.

**Phrasal Verbs** are important because they are extremely common in informal English, and unless you are familiar with their meanings, understanding informal language will be difficult. In addition, learning to use phrasal verbs correctly will help you sound natural in casual conversation.

English as the language of communication and commerce. Idioms are used very frequently in English and occur in almost any type of text. **Idioms** are important as part of the shared knowledge among English speakers. While idioms are commonly used for official business, Students who can effectively communicate with idioms show a certain understanding of the language. They understand and communicate on a deeper level of the language. Incorporating idioms into your writing is an effective way to make your work more creative. This is because an idiom can be used as an artistic expression.

**Pronunciation** plays a key role in communication. If you can pronounce correctly you can effectively converse with any one across the globe. Oral sounds specially are tailor made to improve pronunciation. They are exposed to correct pronunciation in the oral round.

**Vocabulary** The list of words provided with meaning pronunciation as well as usage will certainly go a long way in improving vocabulary.

- ◆ Every student from Class I to Class 10 can participate by registering through the School and shall require Parent's / Guardian's consent for participation.
- ◆ The competition begins at School Level and progresses up to National Level through District & State Level Competitions.
- ◆ The Registration Fee at every level is different and will be communicated to the qualified students after every Level.
- ◆ Every participant would receive PREPARATORY BOOKLET at school level. The next level qualifiers would receive District and State Level Preparatory Booklets respectively.
- ◆ At every level, roughly one third of the students or the students who secure 60% and above in the written test will be selected to the next level of the competition.
- ◆ Based on Cumulative marks of all the rounds, three winners in each category will be declared at every level of competition.

**NOTE :** The mode of payment is through only **DD, Cheque or Online Transaction** in the name of "VK Educational Solutions" payable at Nakkalagutta Branch, Hanamkonda. **(No direct cash payment)**

**TO THE SCHOOLS :** By participating in prestigious competitions, the school gains visibility and recognition within the educational community. Winning or performing well in these competitions enhances the school's reputation and can attract attention from educational authorities, media, and potential students. participating in national-level competitions not only enhances the school's reputation but also contributes to its academic excellence, student success, and overall growth and development.

**TO THE TEACHERS :** Recognizing teachers at both local and national levels and awarding certificates can boost morale and motivation. It acknowledges their hard work and dedication, fostering a culture of appreciation within the school community. these benefits contribute to the professional growth of teachers, the academic success of students, and the overall reputation and effectiveness of the school.
